

MobaXterm Tutorial

Edit a Session:

1. Open MobaXterm, and then click the “Session” button.
2. Click the “SSH” button in the pop-up window.
3. Remote host: nthucad.cs.nthu.edu.tw
4. Specify username: your CAD workstation account username
5. Click OK, and you will be connected to CAD workstation automatically, then it will ask you to enter the password.

Open a Session:

After adding a new session, just click the saved session on the left panel to connect to it automatically.
